SUMMARY

I'm 2nd Year B.Tech IT student with strong foundation in full-stack development (MERN), problem-solving, and real-world software-hardware integration. Experienced in building and deploying responsive applications with API integration and authentication systems. Looking to contribute to dynamic development teams.

EDUCATION

Vishwakarma Institute Of Technology August 2024 – July 2028
B.Tech. in Information Technology **9.25 CGPA (Ongoing)**

Edunxt International and Junior College, Mandhal July 2022 – June 2024
12th (HSC Board) **90.00%**

Chaitaneshwar Vidhyalay, Salwa July 2021 – March 2022
10th (SSC Board) **94.20%**

PROJECTS

Airbnb Website — *MERN Stack (MongoDB, Express.js, React.js, Node.js), Tailwind CSS, Mapbox*
• Developed and deployed full-stack property rental platform with authentication, cloud image upload, and dynamic listing filters.
• Integrated Mapbox-based geolocation and made the app fully responsive.

TECHNICAL SKILLS

- **Languages:** JavaScript, Python, C, SQL, PHP
- **Backend:** Node.js, Express.js
- **Web Development:** React.js, Next.js, Tailwind CSS, TypeScript
- **Database:** MongoDB, MySQL
- **DSA:** C++(upto Advance Concept)
- **Tools:** Git, GitHub, VS Code, IntelliJ IDEA
- **Core Fundamentals:** OOP, Operating System, Computer Networking, DBMS

ACHIEVEMENTS

- Winner of the State Level Mirror Coding Competition First Year Engineering Students.
- Achieved 90.00% in HSC Board Examination 2024, awarded with a Trophy for outstanding performance.

WORK EXPERIENCE

Unified Mentor March 2025 – May 2025
Web Developer Intern
• Developed ToDo List App with localStorage implementation, reducing page reloads by 90% and serving 200+ active users. Also contributed to developing many websites.
• Development of college-level software + hardware projects including Smart Trolley and Smart Band for Alzheimer's.
